#### INDEPENDENT AUDITOR'S REPORT

To the Honorable Commissioners of Oconee County, Georgia

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Oconee County, Georgia, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Oconee County Health Department, which represents 100% of the assets, net position and revenues of the component unit column. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included in the Oconee County Health Department, is based on the report of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, based on our report and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information for Oconee County, Georgia as of June 30, 2016, and the respective changes in financial position and cash flows, where applicable, thereof in conformity with accounting principles generally accepted in the United States of America.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Retirement Plan – Schedule of Changes in Net Pension Liability and Related Ratios and Schedule of Pension Contributions, the Other Postemployment Benefits - Schedule of Funding Progress, and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund and information on pages I through IX, and pages 42-46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Oconee County, Georgia's financial statements as a whole. The combining and individual fund schedules, the Schedule of Projects Constructed with Special Sales Tax Proceeds, the Schedule of State Contractual Assistance, and the Certification of 9-1-1 Expenditures, as listed in the table of contents, are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The combining and individual nonmajor fund statements, the Schedule of Projects Constructed with Special Sales Tax Proceeds, and the Schedule of State Contractual Assistance, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Certification of 9-1-1 Expenditures has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

Dreadwell, Damplin & G.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 31, 2017 on our consideration of Oconee County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Oconee County, Georgia's internal control over financial reporting and compliance.

Madison, Georgia January 31, 2017

## MANAGEMENT DISCUSSION AND ANALYSIS

OCONEE COUNTY, GEORGIA YEAR ENDED JUNE 30, 2016

### OCONEE COUNTY, GEORGIA MANAGEMENT'S DISCUSSION AND ANALYSIS For the Year Ended June 30, 2016

Management's discussion and analysis provides an objective and easily readable analysis of the government's financial activities. The analysis provides summary financial information for Oconee County and should be read in conjunction with the Government's financial statements.

### **Overview of the Financial Statements**

The Government's discussion and analysis is intended to serve as an introduction to Oconee County Government's financial statements which include government-wide and fund statements as well as notes to the financial statements. This report also contains other supplementary financial information in addition to the basic financial statements that may be of interest to the reader.

The Government's basic financial statements are comprised of three components:

- 1. Government-wide financial statements present an overall picture of the Government's financial position and results of operations.
- 2. Fund financial statements present financial information for the Government's major funds.
- 3. Notes to the financial statements provide additional information concerning the Government's finances that are not disclosed in the Government-wide or Fund financial statements.

### **Government-Wide Financial Statements**

Government-wide financial statements are designed to provide a broad overview of the financial position of Oconee County and are similar to private-sector financial statements. They include a statement of net position and a statement of activities. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental activities are primarily supported by sales taxes, property taxes, federal and state grants, and charges for services and fines. Business-type activities are supported by charges to the users of those activities.

The Statement of Net Position shows the County's assets less its liabilities at June 30, 2016. The difference between these assets and liabilities is reported as net position. Assets, liabilities and net position are reported for all governmental activities separate from the assets, liabilities and net position of business-type activities. Changes in net position over time may be helpful in identifying an improving or deteriorating financial position.

The Statement of Activities follows the Statement of Net Position and presents information showing how the net assets changed during the fiscal year. The statement presents all underlying events which give rise to the change, regardless of the timing of the related cash flows. Some included items, such as accounts payable or earned but unused vacation leave, will produce changes in cash in a future fiscal period.

Both statements attempt to distinguish functions of Oconee County that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to

recover all or a significant portion of their costs through user fees and charges (business-type activities).

Governmental activities reported in the statements include general government, law enforcement, parks and recreation, jail operations, zoning and enforcement, judicial, public works and human resources. Business-type activities financed by user charges include water and sewer, sanitation collection sites and community development.

### **Fund Financial Statements**

A fund is a grouping of related accounts used to maintain control over resources that have been separated for specific activities or objectives. Like other state and local governments, Oconee County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and Generally Accepted Accounting Principles (GAAP). All funds of Oconee County government can be divided into three categories: governmental, proprietary and fiduciary funds.

Governmental Funds account for the same functions as those reported under the government-wide Statement of Net Position and Statement of Activities. However, this set of financial statements focuses on events that produce near-term inflows and outflows of spendable resources as well as on the balances of spendable resources available at the end of the fiscal year. This has a narrower focus than the government-wide financial statements. Such information may be useful in evaluating Oconee County's near-term financing requirements and available resources.

By comparing functions between the two sets of statements for government funds and governmental activities, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statements of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison. The county reports two major governmental funds – General Fund and SPLOST 2015 Funds. (pg 3)

<u>Proprietary Funds</u> report, in greater detail, the same information presented as business-type activities in the government-wide financial statements for one major fund: water and sewer. (pg 8-10)

<u>Fiduciary Funds</u> are agency funds held in a custodial nature outside the general county government. Although these funds are presented in the fund set of statements, they do not appear in the government-wide financial statements because the fiduciary funds are not available to support Oconee County Government's general programs. The accrual accounting used for fiduciary funds is much like that used for proprietary funds. Funds held by Oconee County for investment are reflected in this section as the Agency Fund. The county reports six agency funds – Tax Commissioner, Sheriff, Superior Court, Probate Court, Magistrate Court and Juvenile Court. (Sch 14)

### **Notes to the Financial Statement**

The Notes provide additional detail concerning the financial activities and financial balances of the Government. Additional information about the accounting practices of the Government; investments of the Government, long-term debt and the pension plan are some of the items included in the Notes.

### **Governmental Activities**

For governmental activities, the change in net position amounted to \$1,094,145. (Exb 2) This increase is due to a combination of factors, including the addition of capital assets net of depreciation, developer contributions represented at an estimate of fair market value, as well as the treatment of long-term debt. Oconee County continues to practice conservative fiscal policies.

### **Business-Type Activities**

Business type activities include the County's Enterprise Funds: Water & Sewer Fund, Solid Waste Fund and Special Facilities Fund. For business-type activities, the change in net position amounted to a total of \$7,556,393 (Exb 2) as a result of operating revenues, capital contributions and transfers in from SPLOST. SPLOST 2009 Fund transferred \$1,438,348 (Exb 6) to the Water and Sewer Fund for the purposes of capital expenses. A major activity of the Water & Sewer Fund was its intergovernmental project with the Walton County Water & Sewerage Authority. This project is also referred to as the Hard Labor Creek Reservoir Project.

### **Financial Analysis of Oconee County's Funds**

As noted earlier, Oconee County employs fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### **Governmental Funds**

Governmental funds provide information on near-term inflows, outflows and balances of spendable resources. In assessing Oconee County's financial requirements, unassigned fund balance is a particularly useful measure of net resources available for spending at the end of the fiscal year. The governmental fund types include: General Fund, SPLOST Funds, Special Revenue Funds, Capital Projects Local Resources Fund, and Industrial Development Authority Projects Fund.

As of June 30, 2016, Oconee County governmental funds reported combined fund balances of \$26,865,120, (Exb 4) an increase of \$7,562,434. (Exb 4) The County continues to utilize SPLOST funds to retire debt and for the development of capital projects such as roads, water and sewer improvements.

General Fund is the chief operating fund of the county. At June 30, 2016, total fund balance in the general fund was \$10,821,520. (Exb 4) There was an increase of \$1,102,772 (Exb 4) in the general fund balance. The increase in fund balance derives from a combination of factors. A reimbursement from the State Department of Transportation for the Mars Hill Widening project accounted for \$725K. Additional increases in fund balance resulted from property digest growth. The Board of Commissioners continues to take conservative measures by working closely with Elected Officials and Department Directors to keep expenditures at a minimum.

<u>SPLOST Capital Projects Fund</u> reflects funds collected with the 1% sales tax and expended for capital items that are in agreement with the referendum approved by the voters. Because projects often cross several years and involve design, land acquisition and construction phases, expenditures may vary

widely from year to year. Costs expended yearly in capital projects funds are added to the County's construction-in-progress until the project is complete, and then depreciated over its useful life. Water and Sewer projects funded by SPLOST are treated as transfers out to the Water and Sewer Fund and accounted for as Capital Improvement Projects in the Water and Sewer Fund.

<u>Industrial Development Authority Fund</u> The Industrial Development Authority is presented within the County's Financial Statements as a blended component unit.

In March 2012, Oconee County was selected as the site for the Caterpillar facility. Caterpillar constructed a facility, approximately 850,000 sq. ft., which straddles the Oconee/Athens-Clarke County line. This facility produces small-track type tractors and mini-hydraulic excavators. As a joint venture, the counties provided infrastructure improvements to support the site, while Caterpillar provided site improvements and constructed the facility. In FY12, the Industrial Development Authority was awarded a State Edge Grant for \$18 million by the OneGeorgia Authority for the purpose of site preparation and initial construction costs associated with the Caterpillar plant. The Industrial Development Authority issued \$10,380,000 Series 2012 Revenue Bonds during March 2012 as incentive for the Caterpillar development. As of 2016, Caterpillar has created 1,500 jobs and has invested \$143M in facilities and equipment.

In March 2016, the Industrial Development Authority issued \$4,285,000 Series 2016 Revenue Bonds. The proceeds from these bonds were to be used to acquire, construct, improve, and extend certain economic development road projects. These bonds are repayable solely through the proceeds of an intergovernmental contract between the Authority and Oconee County and are listed as Contract Payable-OCIDA in the Financial Statements.

In FY16, the Authority used \$34,881 (Sch 8) in operating funds and \$260,931 in 2012 Revenue bond proceeds and \$165,173 in 2016 Revenue bond proceeds. (Sch 9)

<u>Special Revenue Fund</u> by ordinance the Oconee County Board of Commissioners authorized an excise tax on rooms, lodgings and accommodations to contribute to the promotion of tourism, conventions and trade shows. In fiscal year 2010, the operation of a hotel and the excise tax revenue collections was initiated. The revenue for the period ending June 30, 2016 totaled \$156,147. (Sch 8)

### **Proprietary Funds**

Proprietary Fund statements provide the same information as in the business activities column of the government-wide statements, but in greater detail, and on a fund basis for enterprise funds.

<u>Enterprise Funds</u> – At June 30, 2016, total net position amounted to \$78,611,000. (Exb 6) This includes a change in net position of \$7,556,393. (Exb 6) Net position changes are a result of operations, non-operating revenues, depreciation, expenses, capital contributions, donated assets and grants. The two funds in this category, Water & Sewer Fund and Other Enterprise Funds (Solid Waste Fund and Special Facilities Fund) receive additional revenue from such areas as user fees, licenses, permits, rent and donated infrastructure.

As part of the Intergovernmental Agreement between the County and the Upper Oconee Basin Water Authority (UOBWA), reconciliation is performed at the Authority's year-end (December 31) to determine the actual cost sharing by each member county.

In October 2007, the county entered into as part of an Intergovernmental Contract with Walton County and the Walton County Water and Sewerage Authority (WCWSA) for a Reservoir Project. The contract indicated that WCWSA would issue Revenue bonds (Oconee-Hard Labor Creek Reservoir Project), Series 2008 totaling \$19,535,000 (Note 7), for the purpose of financing or refinancing all or a portion of the cost of acquiring, constructing, installing and equipping a reservoir and related treatment and transmission facilities, paying capitalized interest on the Series 2008 Bonds, funding a debt service reserve and paying the costs of issuing the Series 2008 Bonds. In July 2015, Series 2015 WCWSA Refunding Bonds were issued in the amount of \$8,425,000 to partially refund the Series 2008 Revenue Bonds and to pay the costs of issuance. The county intends to make the contract payments with revenues derived from its water and sewerage system. Subsequent to year-end, Series 2016 WCWSA Refunding Bonds were issued in the amount of \$9,465,000 to partially refund the Series 2008 Revenue Bonds and to pay the costs of issuance.

During 2013, the County entered into a note payable with WCWSA and Georgia Environmental Finance Authority (GEFA). The County is obligated to pay 28.8% of the amounts payable under that note pursuant to the intergovernmental agreement that established the Hard Labor Creek Reservoir Project. The note allowed for up to \$20,000,000 of borrowing, of which the County's share would be \$5,760,000. At year-end, the entire note balance had been drawn and was outstanding. In July 2014, the county entered into a second note payable with WCWSA and GEFA. The County is obligated to pay 28.8% of the amounts payable under the note pursuant to the intergovernmental agreement that established the Hard Labor Creek Reservoir Project. The note allows for up to \$12,000,000 of borrowing of which the County's share would be \$3,456,000. At year end, the total borrowed to date was \$7,344,067 of which the County is responsible for \$2,115,091 (Note 7).

### Program Revenue, General Revenue and Total Revenue

Total program revenues for primary government increased from the previous fiscal year. The county received operating and capital grants which were a driving force in the increase. The general state of the economy also improved, along with an improvement in Sales Tax revenues. House Bill 386 was passed by the 2012 Georgia General Assembly and provided a new method of taxation for motor vehicles, commonly referred to as Title Ad Valorem Tax or TAVT. This bill became effective March 1, 2013. Vehicles purchased after March 1, 2013 are exempt from Sales Tax and the ad valorem tax (aka "birthday tax"). These taxes are replaced by a one-time tax that is imposed on the fair market value of the vehicle called the TAVT. This fee is calculated by multiplying the fair market value by 7.0% in 2016.

### **Financial Highlights**

The economy in Oconee County is returning to normal Pre-Recession levels faster than neighboring counties in the region. Primary factors in determining normalcy are low unemployment, new revenue sources through small business activity and an increase in new housing starts. Sales Tax revenue and economic activity have increased over the period slightly faster than projected. All of these factors enabled Oconee County to maintain the budget at current levels and in some cases, coming in under

budget. The millage rate was maintained while the property digest increased. In November 2014, the voters approved via referendum SPLOST 2015. The first collections were in October 2015 and the first distribution to the County was received in November 2015. As part of the SPLOST 2015 referendum, funds were allocated for G. O. Bond debt repayment. The Transportation Improvement & Maintenance Program & Water and Sewer Improvement plans are funded through SPLOST funds and remain within budget for infrastructure improvements.

In March 2016, the Industrial Development Authority issued \$4,285,000 Series 2016 Revenue Bonds. The proceeds from these bonds were to be used to acquire and construct Parkway Boulevard and improve certain other economic development road projects.

Oconee County's total assets exceeded total liabilities at June 30, 2016, by \$162,475,448. (Exb 1) Of this amount, \$5,240,373 (Exb 1) may be used to meet the county's ongoing obligations to citizens and creditors.

As a whole, the financial position of the Oconee County government improved when compared to recent years. At June 30, 2016, Oconee County's Governmental Fund Statement Report combined ending fund balances of \$26,865,120 (Exb 4) an increase of \$7,562,434. Of this amount, \$14,994,442 (Exb 3) is restricted for Capital projects which commit the following funds: SPLOST 2004 - \$3,695,406 (Sch 6), SPLOST 2009 -\$3,670,771 (Sch 6), SPLOST 2015 - \$2,938,466 (Exb 3), Hotel Sales Tax - \$137,298 (Sch 5), Industrial Development Authority Projects - \$4,119,827 (Sch 6), and General Fund - \$432,674. (Exb 3) In addition, the General Fund has committed \$2,762,835 (Exb 3) to advance fund GDOT project SR53/Mars Hill Road. Phase I of the project included reimbursements from the State of Georgia totaling \$5,337,170.25. The County began Phase II of the project with reimbursable expenditures as of June 30, 2016 totaling \$749,491.

The General Fund reported an adequate unassigned fund balance of \$6,752,211. (Exb 3) During FY16, the government in accordance with GASB 45, accounting and financial reporting by employees for post-employment benefits other than pensions continued to remain in effect. The County implemented GASB 54 Fund Balance reporting and governmental fund type definitions in 2012. In 2013, the County implemented GASB 61. This Statement modifies certain requirements for inclusion of component units in the financial reporting entity. The amendments to the criteria for blending improve the focus of a financial reporting entity on the primary government by ensuring that the primary government includes only those component units that are so intertwined with the primary government that they are essentially the same as the primary government, and by clarifying which component units have that characteristic. Oconee County and the Oconee County Industrial Development Authority were reported in FY13 as a blended component unit in accordance with GASB 61. The County also implemented GASB 63. This Statement provides guidance for deferred outflows and deferred inflows of resources and defines those elements which are distinct from assets and liabilities as a consumption or acquisition of net assets that are applicable to future reporting periods and renames net assets to net position. The County also further implemented GASB 65. This Statement reclassifies certain items as deferred outflows or as deferred inflows of resources previously reported as assets and liabilities. In FY15, the County implemented GASB 68, Accounting and Financial Reporting for Pensions – an Amendment of GASB 27.

### **Government – Wide Financial Analysis**

Table 1 & Table 2 depict comparative data for Oconee County, Georgia for the fiscal year ended June 30, 2015 and the fiscal year ended June 30, 2016. The comparative data highlights Government-wide net position (Table 1) and changes in net position (Table 2). Fiscal year ended 2016 shows an increase in the change in net position of \$8.65 million (Exb 2) over the previous fiscal year.

### **Budget Variations**

The original General Fund budget for the fiscal year end June 30, 2016, reflected anticipated revenues of \$23,120,500 and expenditures of \$21,212,306. The final budget for the fiscal year showed revenues of \$25,451,620 and expenditures of \$23,865,801, while the actual results for fiscal year ending June 30, 2016 indicated revenues of \$25,975,968 and expenditures of \$22,850,264. (Sch. 3) The local economy improved in Oconee County. Primary factors were low unemployment, new revenue sources through small business activity and increased commercial site construction. Sales Tax revenue has increased over the period and economic activity has improved. The opening of the Epps Bridge Centre in Oconee County has generated sales tax and in turn boosted the County's economy.

For a detailed overview of Oconee County's Capital Assets, the reader is referred to Notes to the Financial Statements, Note 3. For Long-term Debt Obligations, the reader is referred to Note 7. Additionally, Oconee County is utilizing Water and Sewer Revenue Bonds to supplement SPLOST funding as a means to assist in providing for future infrastructure, water sources and sewer needs.

### **Component Units**

Separately issued financial statements for the Oconee County Health Department, a discretely presented component unit of the County, provide more detailed information about the financial position and results of the Health Department. These statements can be obtained by contacting the Health Department at:

Oconee County Health Department 160 Experiment Station Road Post Office Box 222 Watkinsville, Georgia 30677

Separately issued financial statements for the Oconee County Industrial Development Authority, a blended component unit of the County, provides more detailed information about the financial position and the results of the Industrial Development Authority. These statements can be obtained by contacting the Industrial Development Authority at:

Oconee County Industrial Development Authority Post Office Box 1527 Watkinsville, Georgia 30677

# Oconee County, Georgia Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2016

| Total fund balances for governmental funds (Exhibit 3)  |   |   | \$<br>26,865,120 |
|---|---|---|------------------|
| Total <i>net position</i> reported for governmental activities in the Statement of Net Position is different because:   |   |   |                  |
| Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:  Capital assets not being depreciated  Capital assets, net of depreciation   |   | 22,280,221<br>65,638,985                              | 07.010.207       |
| Total capital assets  |   |   | 87,919,206       |
| Some of the County's taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as unavailable property taxes in the funds.   |   |   | 164,185          |
| Grant reimbursements are recorded as revenue once the costs for the grant are incurred under the accrual basis of accounting used on the Statement of Net Position. The reimbursements must be received in time to liquidate current obligations to be considered available and reported as revenue in the funds. This adjustment represents revenue not received in time to be considered available.           |   |   | 24,810           |
| Deferred outflows of resources related to pensions represent unamortized differences between actual and projected income and changes in assumptions that accounting standards require be amortized into income over future periods. These deferrals do not constitute current   | l |   | 24,610           |
| financial resources and are not reported in the funds.  |   |   | 1,530,955        |
| Deferred inflows or resources related to pensions represent unamortized differences between actuarial assumptions and actual experience. The deferrls do not constitute current financial obligations and are not reported in the funds.  |   |   | (72,294)         |
| The County's normal cost and amortized past service cost of other postemployment benefits have exceeded the amounts that the County has paid toward providing these benefits. The total amount of the actuarially determined cost of these benefits have exceeded the amounts paid are reported as a liability in the Statement of Net Position.  |   |   | (58,453)         |
| Gains and losses on the refunding of debt issuances are amortized into income during the shorter of the remaining life of the refunded debt or the life of the new debt issuance. The unamortized loss is reported as a deferred outflow of resources.  |   |   | 660,969          |
| Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not fund liabilities.  Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities - both current and long-term - are reported in the Statement of Net Position. Balances at year-end are: |   |   |                  |
| Accrued interest  Bonds, notes, and capital leases payable  Net pension liability  Compensated absences - long-term  Total long-term liabilities  | 8 | (301,098)<br>(24,004,038)<br>(8,145,326)<br>(719,588) | (33,170,050)     |

# Oconee County, Georgia Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2016

Net change in *fund* balances - total governmental funds (Exhibit 4)

\$ 7,562,434

The change in *net position* reported for governmental activities in the Statement of Activities is different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (\$2,638,360) is exceeded by depreciation (\$5,043,420) in the current period.

(2,405,060)

In the Statement of Activities, only the gain or loss on the sale/disposal of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold/disposed (net of accumulated depreciation).

(152,417)

Pension expenditures represent contributions to the pension plan made during the fiscal year and are reported in the funds. Pension expense represents the change in the net pension liability and any amortization of differences in projected and actual earnings, changes in assumptions, changes in benefits or differences between expected and actual experience. The statement of activities reports pension expense. These figures differ by:

29,022

Under the full accrual method, postemployment benefits expenses are recorded as the benefits are earned. These benefits are recognized as expenditures in the funds as they become a claim on current financial resources. The County accrued the increase in the OPEB obligation which represents the difference between the actuarially determined OPEB costs and the current payment of financial resources.

(180,462)

Governmental funds do not recognize all tax revenues not collected within 60 days of year end. However, the Statement of Activities uses the accrual basis and, thus, the entire amount is recognized as revenue, regardless of the collection date. This is the net difference in revenue between the accrual basis used in the government-wide statements and the modified accrual basis used in the funds.

(19,220)

Governmental funds do not recognize certain other revenues not collected within 60 days of year end. However, the Statement of Activities uses the accrual basis, and, thus, the entire amount is recognized as revenue, regardless of the collection date. This is the net difference in revenue between the accrual basis used in the government-wide statements and the modified accrual basis used in the funds.

(27,792)

# Oconee County, Georgia Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2016

Contributions of assets that do not constitute financial resources are not reported as revenue in the funds, but are reported as capital grants and contributions in the government-wide Statement of Activities because this statement reports revenue on the full accrual basis. This adjustment represents the estimated fair market value of assets contributed to the County.

381,795

Loan proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement of Net Position.

(5,014,191)

Repayment of principal is an expenditure in the governmental funds but reduces the liability in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. Additionally, interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. The amounts of the items that comprise these differences in the treatment of long-term debt and related items are:

| Principal repayment                               | 1,032,516 |
|---|-----------|
| Accrued interest on debt                          | (16,271)  |
| Amortization of deferred amount on bond refunding | (38,881)  |
| Amortization of bond premiums and discounts       | 19,879    |

997,243

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the Statement of Activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. This adjustment combines the net change of the compensated absences account.

(77,207)

Change in net position of governmental activities (Exhibit 2)

### Note 1: Summary of Significant Accounting Policies

### A. Reporting Entity

Oconee County was incorporated under the laws of the State of Georgia in 1875. The County is governed by a five-member Board of Commissioners. Each commissioner is elected to a four-year term. The Chairman serves as the full-time Chief Executive Officer and the other four commissioners serve on a part-time basis. The Chairman is responsible for the daily operations of the County.

The financial statements of Oconee County, Georgia (the County) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

In conformity with generally accepted accounting principles, as set forth in GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 61, the financial statements of the reporting entity include those of Oconee County (the primary government) and its component units. The County implemented the guidance of GASB Statement No. 61 *The Financial Reporting Entity: Omnibus*, which amends some of the provisions of Statement 14, as of July 1, 2012. The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- \* the organization is legally separate (can sue and be sued in its own name)
- \* the County holds the corporate powers of the organization
- \* the County appoints a voting majority of the organization's board
- \* the County is able to impose its will on the organization
- \* the organization has the potential to impose a financial benefit/burden on the County
- \* there is fiscal dependency by the organization on the County

Discretely Presented Component Units – The component unit columns in the government-wide financial statements include the financial data of the County's component units. They are included because, if excluded, the County's financial statements would be misleading. They are reported in separate columns in the government-wide financial statements to emphasize their legal separation from the County. The following component units are included in the statements:

Oconee County Health Department - The Health Department was created by state legislative act in 1964 to provide various health related programs such as immunization, family planning, and nutrition services. It operates under an Executive Officer and a seven member board comprised of the following: the Chairman of the Board of Commissioners, the Oconee County School Superintendent, and the Mayor of the City of Watkinsville, three at-large members appointed by the County, and one at-large member appointed by the City of Watkinsville. Because the County appoints a majority of the Health Department's board and provides funding in support of the Health Department, it is reported as discretely presented component unit of the County.

The County made appropriations to the Health Department totaling \$90,750 during the year.

The Health Department issues its own financial statements and it has a June 30 fiscal year end. Complete financial statements of the individual component units can be obtained from its administrative offices at:

Oconee County Health Department 160 Experiment Station Road Post Office Box 222 Watkinsville, Georgia 30677

Blended Component Units - Based on the GASB criteria, the Oconee County Industrial Development Authority (OCIDA) qualifies as a blended component unit.

### Note 1: Summary of Significant Accounting Policies, continued

Oconee County Industrial Development Authority - The financial operations of OCIDA are presented in its stand-alone statements as governmental activities. The five voting members of the OCIDA include the Chairman of the Board of Commissioners, the President of the Oconee County Chamber of Commerce, the Mayor of the City of Watkinsville, and two at-large members appointed by the County Board of Commissioners. Substantially all of the financial operations of the Authority are subject to the prior approval of the Board of Commissioners. The OCIDA issued bonds which are payable only from payments by Oconee County pursuant to an intergovernmental agreement. Because substantially all of the debt of the OCIDA will be paid by resources of the County, the OCIDA is reported as a blended component unit.

The OCIDA issues its own financial statements and has a June 30 year end. Complete financial statements of the OCIDA can be obtained from its administrative offices at:

Oconee County Industrial Development Authority Post Office Box 145 Watkinsville, Georgia 30677

### B. Basis of Presentation, Basis of Accounting

### **Basis of Presentation**

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The County reports the following major governmental funds:

General Fund – This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

SPLOST 2015 – This is a capital projects fund established to account for all special local option sales tax revenues collected as a result of the County's 2015 SPLOST referendum as well as the specifically identified projects for which the SPLOST tax was established.

### Note 1: Summary of Significant Accounting Policies, continued

The County reports the following major enterprise fund:

Water and Sewer Fund - This fund accounts for the operation, maintenance and development of the County's water and sewer system.

The County reports the following fiduciary fund type:

Agency Funds – These funds account for monies held by the County in a trustee capacity or as an agent on behalf of individuals, private organizations, other governments and/or other funds. Following are the agency funds of the County at year-end: Tax Commissioner, Sheriff, Superior Court, Probate Court, Magistrate Court and Juvenile Court.

### Measurement Focus, Basis of Accounting

Government-wide, Proprietary and Fiduciary Fund Financial Statements – The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus. The governmental activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources, as they are needed.

### C. Budgets and Budgetary Accounting

The County follows these procedures in establishing budgetary data reflected in the financial statements:

- 1. Prior to the May Commissioners' meeting, department heads must submit their requests for budgets for the coming year.
- 2. The Board of Commissioners meets with each department head to discuss their requests and make necessary adjustments.
- 3. The revised requests are reviewed at the May Commissioners' meeting.
- 4. The final budget is approved at the June Commissioners' meeting.
- 5. Department heads may make lateral changes to the budget within their department. Any increase in total departmental budgets, however, must be approved by the Board of Commissioners.

### Note 1: Summary of Significant Accounting Policies, continued

6. The budget is prepared and adopted on a basis consistent with generally accepted accounting principles, but is adopted at the department level and presented as such in the financials. A reconciliation from the department level to current expenditures, debt service expenditures and transfers out is provided. An annual budget is adopted for the General Fund, Special Revenue Funds and Capital Projects Funds. An operating budget is prepared for each Enterprise Fund for planning, control, cost allocation, and evaluation purposes. Budgetary amounts are not formally integrated into the Enterprise Fund general ledgers.

### D. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of money are recorded in order to reserve that portion of the applicable appropriation, is used by the County. There were no outstanding encumbrances at year-end.

### E. Deposits and Investments

Cash consists of demand and interest-bearing deposits held in banks. All bank deposits must be collateralized by an amount equal to 110% of uninsured deposits of the State of Georgia or U.S. obligations or direct loans to the County. General Fund cash balances in excess of amounts required for the County's daily operating activities were invested in either the State of Georgia Local Government Investment Pool or Certificates of Deposit during the fiscal year.

For purposes of the statement of cash flows, cash and cash equivalents include all highly liquid investments with original maturities of thirty days or less.

Investments that represent certificates of deposits with an original maturity greater than 90 days are recorded at cost plus accrued interest, which approximates market value. Investments with quoted market prices, such as obligations of the federal government, are reported at the quoted market price.

### F. Receivables and Payables

All trade and property tax receivables are shown net of an allowance for uncollectibles, when material. Water and Sewer Fund allowances for uncollectible accounts, netted with accounts receivable, were \$61,904 as of year-end.

### G. Property Tax Calendar

Property taxes attach as an enforceable lien on property as of January 1. The County bills and collects its own property taxes as well as the taxes for the County School District and several cities within the County. County property tax revenues are recognized when levied to the extent that they result in current receivables.

Property taxes were levied on September 3, 2015. The collection period for property taxes was September 15, 2015 through November 15, 2015. Taxes receivable at June 30, 2016 amounted to \$175,847 while unavailable property taxes totaled \$164,185.

### H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

### Note 1: Summary of Significant Accounting Policies, continued

### I. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Property, plant and equipment with initial, individual costs that equal or exceed \$5,000 are recorded as capital assets. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, net of related interest earned, is included as part of the capitalized value of the assets constructed.

Property, plant and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

| Asset Class                         | Estimated<br><u>Useful Lives</u> |
|-------------------------------------|----------------------------------|
| Infrastructure                      | 15-50                            |
| Building and improvements           | 10-50                            |
| Water and sewer distribution system | 20-50                            |
| Vehicles                            | 4-20                             |
| Furniture, fixtures and equipment   | 5-10                             |

Pursuant to GASB Statement No. 34, the County has retroactively identified all infrastructure assets placed in service prior to July 1, 2002 and has recorded those assets which fall within the County's capitalization policy.

### J. Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Amounts

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual vacation and comp time balances. The liability has been calculated using the vesting method, in which leave amounts for employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments upon termination are included. In accordance with the provisions of GASB Statement 16, concerning Accounting for Compensated Absences, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits. Compensated absence balances related to governmental activities are liquidated through the General Fund.

### K. Restricted Assets

Restricted assets consist of restricted cash and investments. These resources have been set aside for customer deposits, debt service reserves for the water and sewerage revenue bonds, construction of the Hard Labor Creek Reservoir, and the repayment of the contract payable with WCWSA.

### Note 1: Summary of Significant Accounting Policies, continued

### L. Fund Equity

The governmental funds report the following five categories of fund balance: Nonspendable, Restricted, Committed, Assigned, and Unassigned.

**Nonspendable** – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**Restricted** – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

**Committed** – amounts that can be used only for specific purposes determined by a formal action of Board of Commissioners. Oconee County Board of Commissioners is the highest level of decision-making authority for the County. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by Oconee County Board of Commissioners.

**Assigned** – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Through board action, the Board of Commissioners has authorized the Finance Director to assign fund balances.

**Unassigned** – all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance or net position is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the County has provided otherwise in its commitment or assignment actions.

### **Note 2: Deposits and Investments**

### **Deposits**

### **Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's policy regarding custodial credit risk is to comply with the state law requiring collateralization of uninsured deposits up to 110% of the value of the deposits. As of June 30, 2016, none of the County's deposits was exposed to custodial credit risk.

### **Restricted Cash**

At year-end, the County had the following restricted cash:

| <u>Purpose</u>                          |    | Balance   |
|---|----|-----------|
| General Fund Liability bonds payable    | \$ | 12,315    |
| Water and Sewer Fund                    |    |           |
| Debt service reserve 2009 bonds         |    | 760,114   |
| Debt service reserve 2012 bonds         |    | 300,134   |
| Construction proceeds - WCWSA 2012 GEFA |    | 73,181    |
| Customer deposits                       |    | 776,957   |
| Restricted cash - noncurrent            | \$ | 1,910,386 |

### Note 2: Deposits and Investments, continued

### **Investments**

### Credit Risk

Georgia law authorizes local governments to invest in the following types of obligations:

Obligations of the State of Georgia or any other states;

Obligations issued by the United States;

Obligations fully insured or guaranteed by the United States government or governmental agency;

Obligations of any corporation of the United States Government:

Prime bankers' acceptances;

The State of Georgia Local Government Investment Pool;

Repurchase agreements; and

Obligations of other political subdivisions of the State of Georgia.

The County has no investment policy that would further limit its investment choices. As of June 30, 2016, the County had \$17,941,627 invested in Georgia Fund 1. Georgia Fund 1, created by *O.C.G.A. 36-83-8*, is a stable net asset value investment pool which follows Standard and Poor's criteria for AAAm rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940, but is not considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool is managed by the Office of the State Treasurer. Its primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

### **Interest Rate Risk**

The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

### **Concentration of Credit Risk**

The County places no limit on the amount the County may invest in any one issuer. GASB Statement No. 40 requires disclosure when the percent is 5% or more in any one issuer. The County had no investments that met this requirement at year-end.

### Foreign Currency Risk

The County is not exposed to foreign currency risks as all deposits and investments are denominated in US dollars.

Note 2: Deposits and Investments, continued

At year-end, the County had the following investments:

| Type of Investment                    | Credit Risk        | Maturities | Balance       |
|---------------------------------------|--------------------|------------|---------------|
| Unrestricted:                         |                    |            |               |
| Water and Sewer Fund                  |                    |            |               |
| Georgia Fund 1                        | AAAf               | 42 days    | \$ 2,188,655  |
| Certificates of deposit               |                    | 12 month   | 1,937,737     |
|                                       |                    |            | 4,126,392     |
| General Fund                          |                    |            |               |
| Georgia Fund 1                        | AAAf               | 42 days    | 9,229,989     |
|                                       |                    | ·,         | - , ,         |
| SPLOST 2004 Fund                      |                    |            |               |
| Georgia Fund 1                        | AAAf               | 42 days    | 3,678,418     |
|                                       | Total unrestricted |            | 17,034,799    |
| Restricted:                           |                    |            |               |
| Water and Sewer Fund                  |                    |            |               |
| Georgia Fund 1                        | AAAf               | 42 days    | 2,844,565     |
| Fidelity Treasury Money Market Shares | AAAm               | 53 days    | 3,265         |
|                                       | Total restricted   |            | 2,847,830     |
|                                       | Total investments  |            | \$ 19,882,629 |

The maturities of the County's investments in Georgia Fund 1 and the Fidelity Treasury Money Market Shares is calculated based on a weighted average maturity of the investments held in the respective funds.

|                                     | Level 1 | Level 2 | Level 3 | Fair value    |
|-------------------------------------|---------|---------|---------|---------------|
| Investments measured at fair value: |         |         |         |               |
|                                     |         |         |         |               |
| Georgia Fund 1                      | -       | -       | -       | \$ 17,941,627 |

The County's investment in Georgia Fund 1 is not classified within the fair value hierarchy because it represents an external investment pool for which fair value is measured using a fair value per share methodology. The certificates of deposit are not negotiable or transferrable, so they meet the definition of a "nonparticipating interest earning investment contract" and are measured at cost in accordance with GASB Statement No. 31. The Fidelity Treasury Money Market Shares is a money market investment having a remaining maturity of one year or less and are reported at amortized cost in accordance with GASB 31.

The source of the restricted investments held by the County's Water and Sewer Fund is as follows:

#### Water and Sewer Fund

| Construction proceeds 2008 WCWSA Contract Payable | \$<br>865,135   |
|---|-----------------|
| Debt service reserve 2008 WCWSA Contract Payable  | 1,408,533       |
| Sinking Fund 2008 WCWSA Contract Payable          | 418,145         |
| Debt service reserve 2003 bonds                   | 3,265           |
| Sinking Fund 2015 WCWSA Contract Payable          | 152,752         |
| Restricted investments - noncurrent               | \$<br>2,847,830 |

#### Note 2: Deposits and Investments, continued

#### **Custodial Credit Risk-Investments**

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All of the investments held by the County are either insured or registered in the name of the County. The County has no policy on custodial credit risk for investments.

**Note 3: Capital Assets** 

Capital asset activity for the year ended June 30, 2016 was as follows:

| Primary Government                          | Beginning<br>Balances | Increases      | Decreases  | Ending<br>Balances |  |
|---|-----------------------|----------------|------------|--------------------|--|

The Water and Sewer Fund incurred total interest cost of \$1,514,658 of interest costs, of which \$874,306 was capitalized and \$640,352 was expensed.

#### **Note 4: Interfund Balances and Activity**

#### Interfund balances

Interfund balances at June 30, 2016 consist of the following:

|                            |               | D  | ue from:   |    |         |                 |
|----------------------------|---------------|----|------------|----|---------|-----------------|
|                            |               |    |            | 1  | Water & |                 |
|                            | General       | N  | on-major   |    | Sewer   |                 |
| Due to:                    | Fund          | Go | ov't Funds |    | Fund    | Total           |
| Governmental funds         |               |    |            |    |         |                 |
| General Fund               | \$<br>-       | \$ | 117,183    | \$ | 384,282 | \$<br>501,465   |
| Non-major Gov't Funds      | 289,842       |    | 11,500     |    | -       | 301,342         |
| Enterprise funds           |               |    |            |    |         |                 |
| Water and Sewer Fund       | -             |    | 57,610     |    | -       | 57,610          |
| Non-major Enterprise Funds | 664,774       |    | -          |    | -       | 664,774         |
|                            | \$<br>954,616 | \$ | 186,293    | \$ | 384,282 | \$<br>1,525,191 |
|                            |               |    |            |    |         |                 |

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which the transactions are executed or are the result of the General Fund maintaining the cash for another fund. Balances that are the result of transactions between funds are the result of current transactions and will be settled within the next year. The General Fund is the custodian for \$269,520 of cash belonging to the Hotel/Motel Fund (a non-major governmental fund) will be settled when the resources are expended by the Hotel/Motel Fund, which may be longer than one year from year-end.

The implementation of the pension accounting standard required the non-major enterprise funds to record significant net pension liabilities. The General Fund reported a transfer and related interfund liability to these funds to cover the newly reported liabilities. The General Fund will liquidate the interfund liability as payments on the pension liability become due. Principally all of these liabilities will come due more than one year from year-end.

#### Transfers to/from Other Funds

|           |                        |   | Nonmajor   |  |
|-----------|------------------------|---|--|--|
| General   | Nonmajor               | Water and   | Enterprise   |  |
| Fund      | Gov't Funds            | Sewer Fund  | Funds  | Total  |
| \$ -      | \$ 1,609,884           | \$ -  | \$ 559,741   | \$ 2,169,625   |
| 82,500    | 72,574                 | 1,438,348   | <u>-</u> _   | 1,593,422  |
| \$ 82,500 | \$ 1,682,458           | \$ 1,438,348  | \$ 559,741   | \$ 3,763,047   |
|           | Fund<br>\$ -<br>82,500 | General Nonmajor Fund Gov't Funds  \$ - \$1,609,884 82,500 72,574 | General Fund         Nonmajor Gov't Funds         Water and Sewer Fund           \$ - \$1,609,884         \$ - \$1,438,348 | General<br>Fund         Nonmajor<br>Gov't Funds         Water and<br>Sewer Fund         Enterprise<br>Funds           \$ -<br>82,500         \$ 1,609,884         \$ -<br>1,438,348         \$ 559,741 |

The county's funds regularly make transfers into funds that are legally required to account for certain expenditures as well as to facilitate the payment of certain expenditures that have multiple funding sources. Of the \$82,500 in transfers from the nonmajor governmental funds, \$66,000 were to assist with debt service payments that were made from the General Fund.

The General Fund transferred out \$1,609,884 to nonmajor gov't funds and \$559,741 to nonmajor enterprise funds to assist in the daily fund operations and to fund capital projects. Included in the transfers from the General Fund to the nonmajor gov't funds are transfers to the E-911 fund used to supplement the E-911 system. The transfers to the nonmajor enterprise funds include a transfer recorded as an internal balance to offset the pension obligations recorded in those funds to ensure that those funds do not have a negative net position.

The SPLOST 2009 Fund transferred \$1,438,348 to the Water and Sewer Fund to assist with capital projects as was approved by the voters in the 2009 SPLOST referendum.

#### **Note 5: Other Assets**

#### **Investment in Upper Oconee Basin Water Authority**

The County, along with three other counties, is a member of the Upper Oconee Basin Water Authority (UOBWA). The purpose of this venture was to construct a reservoir and water treatment plant that would provide water for the counties involved. Each government is responsible for a pro-rata share of the costs based on population.

In April 2015, the UOBWA issued \$29.98 million of Series 2015 Revenue Refunding Bonds. These bonds were issued to advance refund the Series 2005 Water Revenue Refunding Bonds. In March 2005, the UOBWA issued \$48,155,000 of Water Revenue Refunding Bonds, Series 2005. The proceeds of the bonds were used to advance refund the Series 1997 Bonds maturing in the years 2009 and thereafter and to pay certain expenses incident to the issuance of the bonds. The County's share of the bond debt is 20.929%. An Investment in UOBWA and an offsetting Contract Payable were recorded in the Oconee County Water and Sewer Fund to recognize this investment and obligation. The County is reducing the Contract Payable through monthly payments made from the Water and Sewer Fund which are more fully described in Note 7.

The investment costs are amortized over the useful lives of the underlying assets of the investment. Approximately 10% of the total investment costs represent the investment into the land, 50% represent the investment into the reservoir, which has a useful life of 100 years, and 40% represent the investment into the treatment plant, which has a useful life of 50 years.

Investment in UOBWA at year-end consisted of the following:

| Initial cash costs                                     | \$<br>70,221    |
|--|-----------------|
| Contract payable for 20.959% of revenue bond liability | 11,787,064      |
| Additional cash investments                            | 41,250          |
|  | 11,898,535      |
| Accumulated amortization                               | <br>(2,326,125) |
| Investment in UOBWA, net                               | \$<br>9,572,410 |

Financial statements for the Upper Oconee Basin Water Authority can be obtained at the following address: Northeast Georgia Regional Commission, 305 Research Drive, Athens, Georgia 30605-2795.

#### Note 6: Unavailable Grant Reimbursement

The County received a grant from the Georgia Department of Transportation (GDOT) to assist in funding the widening of Mars Hill Road. One of the requirements for receiving reimbursement under that grant is that the grant reimbursements be of sufficient size before they are submitted to the GDOT. The County accumulated \$24,810 of unreimbursed cost as of June 30. Because the reimbursement of costs incurred through June 30 was not received by the County soon enough to be considered "available", the County did not report revenue under the modified accrual basis of accounting in the general fund. Revenue was reported in the governmental activities on the statement of activities because there is no requirement that the funds be "available" under the accrual basis of accounting.

#### **Note 7: Long-term Obligations**

Governmental Activities

#### **Categories of Debt**

#### **General Obligation Bonds**

In September 2011, the County issued \$10,095,000 of Series 2011 Oconee County, Georgia General Obligation Bonds with coupon rates ranging from 1.5% to 5.5% The proceeds were used to advance refund the then outstanding balance of \$9,805,000 of the Series 2003 Oconee County, Georgia General Obligation Bonds, whose proceeds were used to fund the creation of a new park. Because the County irrevocably placed sufficient assets with a trustee, the remaining outstanding balance of the Series 2003 bonds of \$8,585,000 does not represent a liability of the County. The Series 2011 bonds were issued at a premium of \$428,875. The Series 2011 Bonds are being liquidated by the SPLOST 2009 Fund.

#### **Contracts Payable - OCIDA**

The Oconee County Industrial Development Authority (a blended component unit of the County) issued \$10,380,000 of Series 2012 Revenue Bonds with coupon rates ranging from 2% to 4% and \$4,285,000 of Series 2016 Revenue Bonds with a coupon rate of 2.38%. The proceeds from the 2012 bonds were used to provide incentives for a large private employer to locate a factory within the county. The proceeds from the 2016 bonds were used to finance the cost of constructing certain economic development road projects of the County. Both bond issuances are repayable solely through the proceeds of intergovernmental contracts which call for the County to make all of the required debt service payments on the bonds. Pursuant to this contract, the County has agreed to assess property taxes sufficient to make all of the required debt service payments provided that the necessary taxes will not exceed one mill per dollar of assessed value. Because the County is unconditionally liable for the payment of the debt, a contract payable for the entire present value of the debt is reported on the Statement of Net Position. The General Fund will liquidate this liability.

#### **Capital Leases**

On October 1, 2015, the County entered into a \$44,141 lease-purchase agreement for the purchase of net motion equipment. The lease is for a period of sixty months at an interest rate of 4.304% and will be liquidated by payments from the E-911 Fund. The assets received under the lease are depreciable under the County's capital asset depreciation policy and the resulting expense is reported as a component of depreciation expense.

On July 1, 2015, the County entered into a \$201,538 lease-purchase agreement for the purchase of Interact E-911 CAD upgrade equipment. The lease is for a period of thirty-six months at an interest rate of 2.082% and will be liquidated by payments from the SPLOST 2009 Fund. The lease is payable in three annual payments. The assets received under the lease are depreciable under the County's capital asset depreciation policy and the resulting expense is reported as a component of depreciation expense.

On July 1, 2015, the County entered into a \$483,512 lease-purchase agreement for the purchase of mobile data terminals. The lease is for a period of thirty-six months at an interest rate of 2.15% and will be liquidated by payments from the SPLOST 2015 Fund. The lease is payable in three annual payments. The assets received under the lease are depreciable under the County's capital asset depreciation policy and the resulting expense is reported as a component of depreciation expense.

The assets recorded under capital leases and the related accumulated amortization are as follows:

|                                | H    | istorical | Acc | Accumulated |  |
|--------------------------------|------|-----------|-----|-------------|--|
|                                | Cost |           | Am  | ortization  |  |
| Mobile Data Terminals          | \$   | 483,512   | \$  | 48,219      |  |
| Interact Computer Aid Dispatch |      | 201,538   |     | 20,099      |  |
| Net Motion Licenses            |      | 44,141    |     | 4,402       |  |

The County includes the amortization of leased assets in its annual calculation of depreciation expense.

#### Note 7: Long-term Obligations, continued

#### **Conduit Debt**

The Oconee County Industrial Development Authority (OCIDA), a blended component unit of the County, has issued several industrial revenue bonds that were used to finance the cost of the acquisition, equipping and improvement of certain land and buildings located in Oconee County, Georgia. The total amount of industrial revenue bonds outstanding at year end was \$19,858,057, made up of three issues. The Authority receives an annual administrative fee of \$10,000 in connection with the issuance of the Series 2012 Bonds. This fee is reported as other income in the financial statements. Although this debt bears the name of the Oconee County Industrial Development Authority, the Authority has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf the debt was issued. Therefore, no liability has been reflected in the financial statements for this debt.

Business-type Activities

#### **Revenue Bonds**

Series 2003 Bonds

In July 2003, the County issued Series 2003 Water and Sewerage Revenue Bonds in the amount of \$9,375,000, with interest rates ranging from 1.35% to 4.5%. The proceeds of the issue have been used to purchase the land on which the LAS site is located (the County was previously leasing this property), to refinance the GEFA loan, to pay the premium for a surety bond that will fund the debt service reserve, to pay the premium for a municipal bond new issue insurance policy and to pay the costs of issuing the Series 2003 Bonds. The majority of the Series 2003 bonds were advance refunded by the County's issuance of the Series 2012 bonds. At year-end, the Series 2003 Bonds had an outstanding balance of \$100,000. Interest of 4% is due semiannually on the outstanding balance until September 2024 when the outstanding interest and principal are due.

Series 2009 Bonds

In September 2009, the County issued \$7,095,000 of its Series 2009 Water and Sewerage Revenue Bonds with an average interest cost of 3.18%. These bonds consist of serial bonds bearing various fixed rates ranging from 2% to 4% with annual maturities from September 2011 through September 2019. The net proceeds of \$7,129,309 (\$7,095,000 face value plus \$227,288 issuance premium less \$192,980 in issuance costs) were used to complete a current refunding of the Series 1998 Water and Sewerage Revenue Bonds. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$557,730 and is being charged to interest expense through the year 2020 using the straight-line method.

Series 2012 Bonds

During July 2012, the County issued \$6,740,000 of Series 2012 Oconee County, Georgia Water and Sewerage Refunding Revenue Bonds with coupon rates ranging from 2% to 5%. The bonds were issued at a premium of \$1,295,000 with issuance costs of \$177,500 which yielded net proceeds of \$7,857,500. The proceeds of these bonds were used to advance refund \$7,390,000 of the remaining outstanding balance of the Series 2003 Oconee County, Georgia Water and Sewerage Revenue Bonds. During 2012, \$7,390,000 of the Series 2003 Bonds were called and legally retired. As of year-end, the Series 2003 Water and Sewer Revenue Bonds had an outstanding balance of \$100,000 as noted above.

The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$557,730. This was recorded as a deferred charge under the title "deferred amount on debt refunding" and is being amortized to interest expense through the year 2020 using the straight-line method.

#### Note 7: Long-term Obligations, continued

#### **Contract Payable- UOBWA**

In April 2015, the UOBWA issued a total of \$29,980,000 of its Series 2015 Revenue Refunding Bonds (Series 2015 Bonds) which advance refunded the Series 2005 Bonds and provided additional working capital for UOBWA. The County signed an intergovernmental agreement which requires the County to make monthly interest and principal payments to UOBWA for its 20.959% share of the interest and principal payments due under the Series 2015 Bonds. The original principal of the County's share payable under this agreement is \$6,283,508. The monthly principal payments will range from \$37,115 to \$53,620 and the interest payments will accrue at a weighted average yield of 2.06%.

The County's share of the difference between UOBWA's carrying value of the Series 2005 bonds as of the refunding date and the issuance price of the Series 2015 Bonds was \$352,272 and is included in the amount entitled "deferred amount on debt refunding" on the Water and Sewer statement of net position. This amount will be amortized to interest expense over the life of the Series 2015 Bonds.

#### Contracts Payable - WCWSA

In October 2007, Oconee County entered into an Intergovernmental Contract-Reservoir Project with Walton County and the Walton County Water and Sewerage Authority (WCWSA). This contract indicated that WCWSA would issue the Walton County Water and Sewerage Authority Revenue Bonds (Oconee-Hard Labor Creek Reservoir Project), Series 2008 totaling \$19,535,000. The proceeds from the Series 2008 Bonds will be used by the Authority for the purpose of financing or refinancing all or a portion of the cost of acquiring, constructing, installing and equipping a reservoir and related treatment and transmission facilities, paying capitalized interest on the Series 2008 Bonds, funding a debt service reserve and paying the costs of issuing the Series 2008 Bonds. The Series 2008 Bonds carry a coupon rate, payable semi-annually, ranging from 4-5%. Principal on the Series 2008 Bonds is due in amounts ranging from \$470,000 to \$1,335,000 between 2015 and 2038.

Under the terms of the Contract, the County has agreed to pay the Authority amounts sufficient to pay the debt service on the Series 2008 Bonds. The County intends to make the Contract Payments with moneys derived from its water and sewerage system. However, the County System Revenues have not been pledged as security for the Contract Payments or the Series 2008 Bonds. In the event that the County System Revenues are insufficient to make the Contract Payments, the County has agreed to levy an ad valorem property tax, unlimited as to rate or amount, on all property in the County subject to taxation for such purposes in order to make the Contract Payments. The County will make monthly payments over to the Authority that total the amount of the semi-annual payments due under the bonds. The contract matures on February 1, 2038.

During July 2015, the WCWSA completed a partial advance refunding for \$8,140,000 of the Series 2008 Bonds by issuing \$8,425,000 of its Series 2015. The County signed an intergovernmental contract for these bonds that is substantially the same as the one related to the Series 2008 Bonds. Immediately after the refunding, \$10,925,000 of the Series 2008 Bonds were outstanding that were not affected by the refunding. The refunded portion of the Series 2008 bonds had a carrying value as of the refunding date of \$8,283,913 and reacquisition price of the refunded bonds was \$9,397,590. This resulted in a deferred charge of \$1,113,677 that will be amortized to interest expense over the life of the Series 2015 Bonds.

The payments required to liquidate the contract payable related to the refunded portion of the Series 2008 Bonds was \$14,888,750 and the payments required to liquidate the contract payable related to the newly issued Series 2015 Bonds is \$13,893,177. This is a reduction of \$995,573. The economic gain on refunding, calculated by discounting the cash flow savings using the average yield of the Series 2015 Bonds, is \$757,832. The \$8.14 million of refunded Series 2008 Bonds are considered to be defeased because the County has irrevocably transferred to a trustee an amount adequate to completely retire the \$8.14 million of refunded bonds. Since the refunded bonds have been defeased, they are no longer accounted for as an obligation of the County even though all of the refunded bonds were still legally outstanding at year-end.

#### Note 7: Long-term Obligations, continued

#### **Notes Payable – GEFA**

The Walton County Water and Sewer Authority entered into a note payable with the Georgia Environmental Finance Authority (GEFA) during 2013. Oconee County is obligated to pay 28.8% of the amounts payable under that note pursuant to the intergovernmental agreement that establishes the Hard Labor Creek Reservoir Project (HLC). The note allows for up to \$20,000,000 of borrowing, of which the County's share would be \$5,760,000. At year-end, the entire note balance had been drawn and was outstanding. The note calls for no interest to be paid during the construction period, which continues until August 2016. During the repayment period, annual interest only payments at 1% interest will be made. All remaining outstanding interest and the outstanding principal will be paid in one payment on December 31, 2052

During July 2014, WCWSA entered into a second note payable with GEFA which allows for \$12,000,000 of borrowing, of which the County's share would be \$3,456,000. At year-end, WCWSA had drawn \$7,344,067 on the note and the County's share was \$2,115,091. All of the money drawn during the year was still outstanding at year-end. The note calls for no interest to be paid during the construction period, which could continue until January 2018. From that date, the County will make 60 monthly interest only payments with interest accruing at 2%. Afterward, the County will make equal 419 monthly principal and interest payments of an amount sufficient to pay the interest accruing at 2% and all principal due under the note. Based on current borrowings, these monthly payments would be \$7,018.

Because the notes bear interest at rates that differ substantially from the market interest rate available to the County, the accounting standards required that the County discount the required debt service payments using the County's market yield on debt with similar terms. The County estimated that the market yield that it would be required to pay would be 3% and used this rate to calculate the discount on this debt. This discount will be amortized to interest expense over the life of the loan.

Changes in long-term obligations for the year are as follows:

|                                 | Beginning<br>Balance | Increases    | Decreases    | Ending<br>Balance | Due within<br>One Year |

#### **Debt Covenants**

The bond and note indentures contain significant limitations and restrictions on annual debt service requirements, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverage ratios. Management believes the County is in compliance with all such significant financial limitations and restrictions.

#### Note 8: Net Position Restricted By Enabling Legislation

In 2003, 2009 and 2015, referendums were passed providing for a 1% sales tax to be used by the County for various construction projects.

Additionally, the County maintains several special revenue funds to account for activities that have revenues that are restricted by Georgia law.

The County reports restrictions on the use of the remaining fund balance in the funds as follows:

| \$<br>10,441,941 |
|------------------|
| 148,842          |
| 108,490          |
| <br>145,007      |
| \$<br>10,844,280 |
| \$               |

#### **Note 9: Retirement Benefits**

#### Defined Benefit Pension Plan

The County provides a defined benefit retirement program for its employees.

#### **Plan Description**

The County sponsors the Association County Commissioners of Georgia Restated Pension Plan for Oconee County Employees (The Plan). The Plan, through execution of an adoption agreement, is affiliated with the Association County Commissioners of Georgia Defined Benefit Plan Third Restate Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan administered by GEBCorp.

The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of The ACCG Plan, as provided in Section 19.03 of the ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific operational provisions of The Plan, as provided in Section 19.02 of the ACCG Plan document.

Complete financial statements for The Plan can be obtained directly from the plan administrator at: GEBCorp
400 Galleria Parkway, Suite 1250
Atlanta, Georgia 30339

All full-time County employees are eligible to participate in the Plan after completing three years of service. Benefits are fully vested after ten years of service. Participants employed before August 2010 become eligible to retire at age 65 with 5 years of participation in the Plan. Employees hired after August 2010 must have 10 years of service to be eligible to retire with benefits from the Plan. Upon eligibility to retire, participants are entitled to an annual of 2% of the average annual compensation multiplied by the participant's years of service, payable as a life annuity. Average annual compensation is based on the highest average of the Participant's compensation over two consecutive plan years during the ten plan years preceding the Participant's date of retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

County employees are not required to contribute to the Plan. The County contributes the entire cost of the Plan, using the actuarial basis described in the annual valuation report.

#### Plan Asset Mix and Accounting Policies

The Plan's financial statements are prepared on an accrual basis, modified to include unrealized gains or losses on marketable securities owned by the Plan and increments in cash value of death benefits. Plan member contributions are recognized when due and the County has made a formal commitment to provide the contributions.

Investments in securities are valued at current market prices. The trust fund is invested, approximately, in 70% equities and 30% fixed income securities on a cost basis.

Plan assets do not include any loans, notes, bonds, or other instruments or securities of the County or related parties except for current receivables of plan contributions due from the County.

#### Note 9: Retirement Benefits, continued

#### Plan Membership

| Retirees, beneficiaries and disabled receiving benefits        | 77              |
|--|-----------------|
| Terminated plan members entitled to but not receiving benefits | 104             |
| Active plan members  | <br>196         |
| Total  | <br>377         |
| Covered compensation for active participants                   | \$<br>8,439,900 |

#### **Contributions**

The County is required to contribute at an actuarially determined rate. Section 47-20 of the Georgia Code sets forth the funding standards for state and local governmental pension plans. The Georgia Constitution enables the governing authority of the County, the Board of Commissioners, to establish and amend from time to time, the contribution rates for the employer and its plan members. Administrative expenses are based on total covered payroll of plan members and are added to the annual funding requirement. The County's actuarially required contribution was \$1,623,896 and its actual contribution was \$1,716,341, or 106% of the required contribution and 20.34% of the covered compensation. The County paid its contribution during December 2015, so the County reported no payable and the plan reported no receivable for amounts due for the 2015 plan year.

#### **Net Pension Liability**

The County's *total pension liability* was determined based on an actuarial valuation as of December 31, 2015 and the *net pension liability* was measured as of the same date. The December 31, 2015 actuarial valuation determined the total pension liability using assumptions that were applied to all periods included in the measurement as follows:

#### **Actuarial Methods and Assumptions**

| Investment return | 7.50%                                     |
|-------------------|---|
| Salary increases  | 5.00% with an age based scale as follows: |

| Age                | Salary increase                         |
|--------------------|---|
| Under 30           | 5.0% plus 1.5%                          |
| 30-39              | 5.0% plus 1.0%                          |
| 40-49              | 5.0% less 0.5%                          |
| 50+                | 5.0% less 1.0%                          |
| Based on the resu  | lts of a February 2014 experience study |
| Future payroll gro | owth 5.50% per year                     |

No cost of living adjustments are awarded after retirement.

Mortality: RP-2000, Projected with Scale AA

#### Note 9: Retirement Benefits, continued

#### **Change in Assumptions**

The actuarial valuation as of December 31, 2015 used the RP-2000 mortality table, projected with Scale AA in estimating the total pension liability. Prior valuations used the RP-2000 mortality table. Changing the mortality table used in the valuation resulted in the actuarially determined total pension liability increasing by \$945,358.

#### **Discount Rate**

The discount rate is determined using a building block approach based on 20-year benchmarks (25% weighting), 30-year benchmarks (25% weighting), and forward-looking capital market assumptions for moderate asset allocations as determined by UBS (50% weighting). The discount rate is rounded to the nearest 0.25%.

The discount rate is calculated as follows:

|  | Expected return | Weighting | Weighted return |
|--|-----------------|-----------|-----------------|
| 20-year benchmark weighted average return    | 7.44%           | 25%       | 1.86%           |
| 30-year benchmark weighted average return    | 9.49%           | 25%       | 2.37%           |
| UBS capital market moderate asset            |                 |           |                 |
| allocation assumption                        | 6.30%           | 50%       | 3.15%           |
| Calculated discount rate                     |                 |           | 7.38%           |
| Rounded to the nearest 0.25% and used as the | discount rate   |           | 7.50%           |

The 20 and 30 year benchmark weighted average returns are calculated using the following asset allocation and historical returns based on their compounded annual growth rate (CAGR):

|                         |            | Average 20  | Average 30  |
|-------------------------|------------|-------------|-------------|
| Benchmark               | Allocation | Year Return | Year Return |
| S&P 500                 | 30%        | 8.80%       | 10.74%      |
| Barclay's Agg.          | 30%        | 5.75%       | 7.80%       |
| MCSE EAFE               | 15%        | 5.44%       | 9.51%       |
| Citi Non US WEBI        | 5%         | 5.48%       | 5.48%       |
| NAREIT Equity           | 5%         | 9.91%       | 11.35%      |
| Russell 2000            | 5%         | 8.96%       | 9.37%       |
| Russell 3000            | 5%         | 8.89%       | 10.58%      |

|                         | 100%       |             |             |
| Weighted average return |            | 7.44%       | 9.49%       |

#### Note 9: Retirement Benefits, continued

The above calculated discount rate was used to calculate both the beginning and ending total pension liability. The average contribution made to the plan over the last 5 years was used to project plan assets. The projected plan assets are sufficient to pay all projected benefits promised to current plan participants. Because projected plan assets are sufficient to pay all projected promised benefits, the expected long-term rate of return was used to discount all projected benefit payments.

Because of the sensitivity of the calculation of the total pension liability to relatively small changes in the discount rate, the total pension liability calculated using discount rates one percentage point higher and lower than the discount rates actually used to calculate the total pension liability follows:

|   |    | Discount Rate<br>Senstivity Analysis |    |                          |  |  |
|---|----|--------------------------------------|----|--------------------------|--|--|
| _   |    | 6.50%                                |    | 8.50%                    |  |  |
| Total Pension Liability<br>Fiduciary Net Position | \$ | 27,942,540<br>15,273,164             | \$ | 21,488,486<br>15,273,164 |  |  |
| Net Pension Liability                             | \$ | 12,669,376                           | \$ | 6,215,322                |  |  |

#### Summary of Changes in Total Pension Liability, Fiduciary Net Position and Net Pension Liability

The changes in the total pension liability from the beginning to the ending of the year are as follows:

| Summary of Changes                  | Total Pension<br>Liability | Fiduciary Net<br>Position | Net Pension<br>Liability |
|-------------------------------------|----------------------------|---------------------------|--------------------------|
| Designing of year                   | \$ 22,193,423              | \$ 14,530,746             | \$ 7,662,677             |
| Beginning of year                   | \$ 22,193,423              | \$ 14,330,740             | \$ 7,002,077             |
| Changes during the plan year:       |                            |                           |                          |
| Service cost                        | 660,206                    | -                         | 660,206                  |
| Interest on total pension liability | 1,630,194                  | -                         | 1,630,194                |
| Liability experience (gain)/loss    | (95,391)                   | -                         | (95,391)                 |
| Assumption change                   | 945,358                    | -                         | 945,358                  |
| Employer contributions              | -                          | 1,716,341                 | (1,716,341)              |
| Employee contributions              | -                          | -                         | -                        |
| Net investment income               | -                          | 152,431                   | (152,431)                |
| Benefit payments                    | (914,999)                  | (914,999)                 | -                        |
| Administrative expenses             | -                          | (44,145)                  | 44,145                   |
| Other expense                       |                            | (167,210)                 | 167,210                  |
| Net change                          | 2,225,368                  | 742,418                   | 1,482,950                |
| End of year                         | \$ 24,418,791              | \$ 15,273,164             | \$ 9,145,627             |

#### Note 9: Retirement Benefits, continued

#### Pension Expense, Deferred Outflows Related to Pension Items and Deferred Inflows Related to Pension Items

The following schedule reconciles the pension contributions to the total pension expense reported by the County in the government-wide statements:

#### Pension Expense and Deferred Outflows and Inflows

| Pension contributions                             | \$<br>1,716,341 |
|---|-----------------|
| Change in net pension liability                   | 1,482,950       |
| Deferred outflow related to investment results    | (794,259)       |
| Deferred outflow related to change in assumptions | (945,358)       |
| Deferred inflows related to experience gain       | 95,391          |
| Amortization of deferred inflows                  | (14,453)        |
| Amortization of deferred outflows                 | <br>143,236     |
| Pension expense                                   | \$<br>1,683,848 |

The unamortized deferred outflows and inflows related to pension items are as follows:

|   | Deferred<br>Outflows<br>of Resources |           | Deferred<br>Inflows<br>of Resources |        |
|---|--------------------------------------|-----------|-------------------------------------|--------|
| Differences between expected and actual     |                                      |           |                                     | _      |
| experience                                  | \$                                   | -         | \$                                  | 80,938 |
| Change of assumptions                       |                                      | 802,121   |                                     | -      |
| Net difference between projected and actual |                                      |           |                                     |        |
| earnings on Plan investments                |                                      | 912,298   |                                     | -      |
| -   |                                      |           |                                     |        |
|   | \$                                   | 1,714,419 | \$                                  | 80,938 |
|   |                                      |           |                                     |        |

#### Note 9: Retirement Benefits, continued

The County made its pension contribution for the 2015 plan year (calendar year 2015) in December 2015. Accordingly, the County did not make any contributions to the pension plan between the measurement date and the County's fiscal year-end, so the County does not report a deferred outflow of resources related to pension contributions. None of the deferred outflows of resources will be recognized as a reduction of the net pension liability.

The County amortizes the differences between projected and actual investment returns into pension expense equally over a closed five year amortization period. The County amortizes differences between actual and expected experience and any changes in assumptions over the expected remaining service period of participants. The expected amortization of the County's current deferred outflows and inflows over the next five years is:

| Year ended June 30, | perience<br>fference | Assumption Change |         | Investment Resul Difference |         |
|---------------------|----------------------|-------------------|---------|-----------------------------|---------|
| 2017                | \$<br>14,453         | \$                | 143,236 | \$                          | 235,451 |
| 2018                | 14,453               |                   | 143,236 |                             | 235,451 |
| 2019                | 14,453               |                   | 143,236 |                             | 235,451 |
| 2020                | 14,453               |                   | 143,236 |                             | 205,945 |

| 2022                | <br>8,673            |                   | 85,941  |                             |         |
|                     | \$<br>80,938         | \$                | 802,121 | \$                          | 912,298 |

#### Deferred Compensation Plan

The County offers employees the Oconee County Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. The plan is administered by an independent third party plan administrator. As a result, the assets and liabilities of the plan are not recorded on the County's financial statements. All contributions to this plan are voluntary employee contributions.

#### Defined Contribution Plan

The County has also established the Oconee County 401(a) Defined Contribution Plan through adoption of the ACCG 401(a) Defined Contribution Program. The plan was established to provide benefits at retirement to Oconee County employees. There are no employee or employer contributions at this time. The County has delegated certain administrative responsibilities to ACCG, or its designee. Plan provisions are established and may be amended by the Board of Commissioners.

In addition, the following pension and retirement plans are in effect, but are not under the direct control of the County:

#### **Extension Service Employees Retirement Plan**

Employees of the Oconee County Agricultural Extension Service are covered under the Teachers Retirement System of Georgia. The General Fund contributes 9.24% of these employees' compensation to their pension fund.

#### Probate Judge's Retirement Fund of Georgia

The Probate Judge is covered under a pension plan that requires that certain sums from marriage licenses and fines or forfeitures be remitted to the pension plan before the payment of any costs or other claims.

#### Note 9: Retirement Benefits, continued

#### **Clerk of Superior Court Retirement Fund**

The Clerk of Superior Court is covered under a pension plan which requires that certain sums from fees and fines or forfeitures be remitted to the pension plan before the payment of any costs or other claims.

#### Sheriff's Retirement Fund/Peace Officer's Annuity and Benefit Fund

The Sheriff and sheriff deputies are covered under separate pension plans which require that certain sums from fines or bond forfeitures be remitted by the Probate Judge or Clerk of Superior Court to the pension plans before the payment of any costs or other claims.

#### **Note 10: Other Postemployment Benefits (OPEB)**

GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, requires the recognition of certain postemployment obligations in the accrual basis financial statements of state and local governments. The purpose of the statement is to require local governments to recognize the cost of promised postemployment benefits as those benefits are earned by employees. Consequently, the expense recorded in the accrual basis statements of the County reports the actuarially determined cost of benefits earned this year plus an amortization component of benefits earned in previous years. The actuarial valuation of the County's postemployment benefits amortizes the cost of the previously earned benefits over 30 years

The County provides postretirement health care benefits under the Oconee County Health Care Plan to former employees who retired prior to 2010, certain former employees who retired in 2010 and 2011 and current employees who remain insured by the County's health plan throughout their employment with the County through at least age 65 provided that the employee has at least 5 years of service. The plan is a single employer plan, and it does not issue a separately available financial report. The County contributes toward retiree health costs on the authority of a resolution by the Board of Commissioners. Any plan amendments would similarly be approved by a resolution of the Board of Commissioners.

The County contributes around \$215 per month towards a retiree's Medicare supplement premium. Dependent cost is the responsibility of the retiree, but neither retirees nor current employees contribute toward the plan. During the fiscal year, expenditures of \$138,709 were recognized for retiree health care and Medicare supplements. The County has the following participants in its plan:

| Retired participants | 55   |
|----------------------|------|
| Active participants  | 192_ |
|                      |      |
| Total participants   | 247  |

#### Note 10: Other Postemployment Benefits (OPEB), continued

The Actuarial Accrued Liability and the Unfunded Actuarial Accrued Liability for the County's OPEB are calculated as follows:

| Retired participants Active participants    | \$<br>2,649,177<br>2,112,167 |
|---|------------------------------|
| Actuarial Accrued Liability (AAL)           | 4,761,344                    |
| Less: Present value of plan assets          | -                            |
| Unfunded Actuarial Accrued Liabiltiy (UAAL) | \$<br>4,761,344              |

The County finances its postemployment benefits on a pay-as-you-go basis. The cumulative Annual Required Contribution (ARC) from the implementation of GASB Statement No. 45 as determined by the actuarial valuation exceeded the County's cumulative expenditures on a pay-as-you-go basis. This results in the County reporting a Net OPEB Obligation. The ARC and the Net OPEB benefit are calculated as follows:

| Normal cost (current service cost)<br>Amortization of UAAL (share of past service cost)                       | \$<br>107,540                   |
|---|---------------------------------|
| Annual Required Contribution (ARC) Interest on Net OPEB Obligation Adjustment to Annual Required Contribution | <br>320,818<br>(4,880)<br>3,233 |
| Annual OPEB Cost OPEB costs paid during year  | 319,171<br>(138,709)            |
| Change in Net OPEB Obligation<br>Net OPEB Obligation/(Asset), beginning                                       | <br>180,462<br>(122,009)        |
| Net OPEB Obligation/(Asset), ending   | \$<br>58,453                    |
| Percentage of ARC contributed   | 43%                             |

The County finances its postemployment benefits on a pay-as-you-go basis resulting in the County having no present value of plan assets. Consequently, all of the actuarial accrued liability is unfunded. A three year history of funding information for Other Postemployment Benefits is presented in the required supplementary information immediately following the footnotes that provides information about whether the funded ratio is increasing or decreasing over time. The following contains summary information about the County's funding progress for its OPEB obligation:

|           | Actuarial<br>Value | Actuarial Accrued Liability (AAL) |              |        |              | UAAL as a       |
|-----------|--------------------|-----------------------------------|--------------|--------|--------------|-----------------|
| Actuarial | of                 | Projected                         | Unfunded     | Funded | Covered      | Percentage of   |
| Valuation | Assets             | Unit Credit                       | AAL (UAAL)   | Ratio  | Payroll      | Covered Payroll |
| Date      | (a)                | (b)                               | (b-a)        | (a/b)  | (c)          | ((b-a)/c)       |
| 7/1/2015  | \$ -               | \$ 4,761,344                      | \$ 4,761,344 | 0%     | \$ 7,951,720 | 59.9%           |

#### Note 10: Other Postemployment Benefits (OPEB), continued

#### **Trend Information**

| Year      |    |          | OI | PEB Cost   | % of ARC    |       | OPEB           |
|-----------|----|----------|----|------------|-------------|-------|----------------|
| Ended     | 0  | PEB Cost | Co | ontributed | Contributed | Oblig | gation/(Asset) |
| 6/30/2016 | \$ | 319,171  | \$ | 138,709    | 43%         | \$    | 58,453         |
| 6/30/2015 | \$ | 107,735  | \$ | 143,792    | 133%        | \$    | (122,009)      |
| 6/30/2014 | \$ | 107,735  | \$ | 164,229    | 152%        | \$    | (85,952)       |

#### **Actuarial Assumptions and Methods**

The actuary performed his valuation based on the benefits offered under the plan as explained by the County. The actuarial valuation of the plan involves estimates of the value of reported amounts and assumptions about the probability of events far into the future. The actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The actuarial valuation projects the costs of the benefits provided based on the substantive plan currently in place and the relative cost sharing of the plan between the County and the retired employees. The actuarial calculations reflect a long-term perspective, consistent with that perspective the methods and assumption used include techniques designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The following table contains the significant methods used and assumptions made by the actuary for purposes of the actuarial valuation:

| Valuation date                                    | 06/30/16                      |
|---|-------------------------------|
| Actuarial cost method                             | Projected unit credit         |
| Amortization method                               | Level percentage of pay, open |
| Remaining amortization period                     | 23 years                      |
| Asset valuation method                            | Market value of assets        |
| Actuarial assumptions:                            |                               |
| Investment rate of return (includes 3% inflation) | 4%                            |
| Medical cost trend rate                           | 5% premium increase annually  |

The actuarial valuation used the same medical cost trend rate for all years.

Immediately following the notes is a required schedule of funding progress which presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

#### Note 11: Risk Management

The County is exposed to various risks of losses related to torts, thefts of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Government has joined together with other municipalities in the state as part of the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Georgia Municipal Association Group Self-Insurance Workers' Compensation Fund, a public entity risk pool currently operating as a common risk management and insurance program for member local governments.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the funds, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the funds.

The funds are to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the worker's compensation law of Georgia. The funds are to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

#### **Note 12: Landfill Costs**

The Oconee County landfill received no solid waste after October 8, 1993. It currently operates only as a transfer station and was officially declared closed by the EPD in 1996. Thus, the County is only responsible for minor monitoring of the closed facility and is not subject to GASB 18, "Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs," which is based on the EPA rule that establishes thirty-year postclosure care requirements for landfills that accept solid waste after October 9, 1993.

During fiscal year 2016, the County obtained a permit from EPD to accept inert waste. The assured cost are defined as the sum of closure plus post closure plus corrective action care cost. The annual post-closure care costs are estimated at \$29,621. The 30 year post closure cost estimate is \$888,615. Therefore, the total financial assurance required is \$1,177,514.

#### **Note 13: Contingencies and Commitments**

#### **Contingent Liabilities**

The County participates in a number of federal and state assisted grant programs. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the County may be required to reimburse the grantor government. The amount, if any, of disallowed expenditures discovered in future audits is expected to be immaterial.

#### Litigation

The County is a defendant in several lawsuits, which arose in the ordinary course of its activities. The County records liabilities resulting from such claims and litigation only when they become probable and measurable. No liability has been recorded for any of the lawsuits currently in process. However, the County attorney and the County's management believe that damages, if any, that are to be paid by the County in excess of insurance coverage will not be material to the financial statements.

#### **Note 14: Joint Ventures**

#### Northeast Georgia Regional Commission (RC)

Oconee County, Georgia, along with cities and counties in the 12 county Northeast Georgia area, is a member of the Northeast Georgia Regional Commission (RC). Membership in an RC is automatic for each municipality and county in the state. The Official Code of Georgia Section 50-8-34 (Georgia Planning Act of 1989) provides for the organizational structure of the RCs. Each county and municipality in the state is required by law to pay minimum annual dues to the RC. The Board is comprised of not less than two (2) or more than five (5) representatives of each member county served by the RC. The manner of selecting such representatives from each member county is as follows:

- \* The chief elected official or the chair of the board of commissioners of each county served by the Center shall be a member (or a designated government official).
- \* One elected or appointed municipal government official from each county served by the Center. The mayors of the municipalities in such county shall select the municipal representative of that county.
- \* Not less than ten (10) or more than twenty (20) public members.
- \* A minority representation, the percentage of which is at least equal to the minority population of the geographical region served by the Board, as established by the latest United States Census.

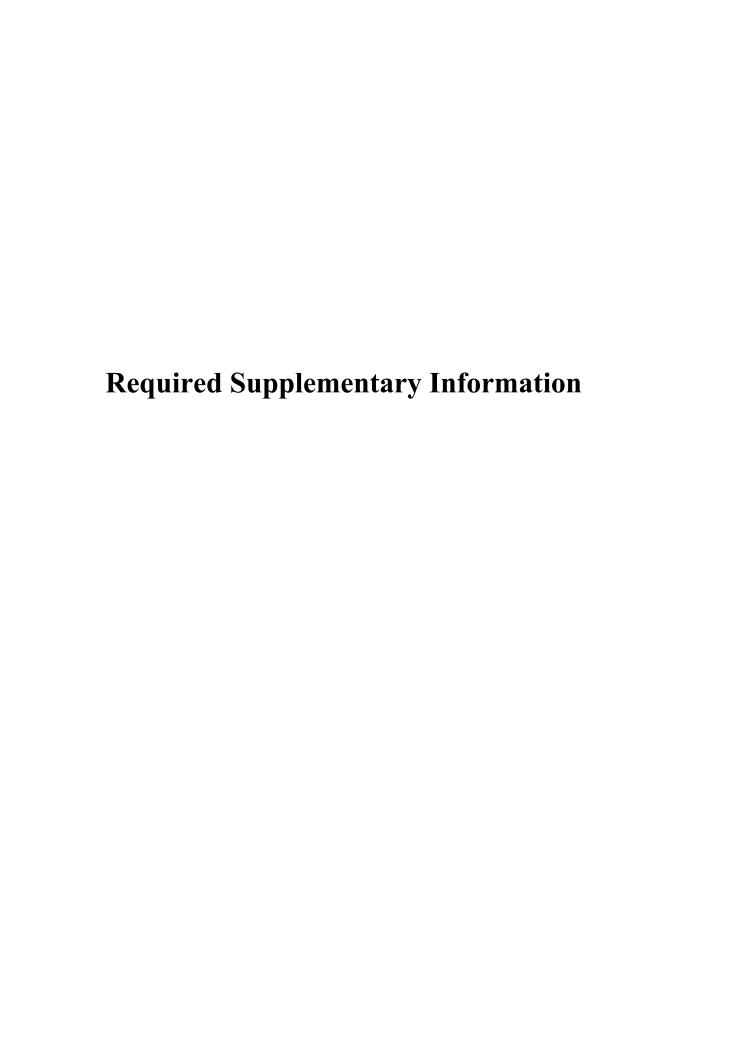

The Georgia Planning Act of 1989 (O.C.G.A. 50-8-34) defines RCs as "public agencies and instrumentalities of their members". Georgia laws also provide that the member governments are liable for any debts or obligations of an RC beyond its resources. (O.C.G.A. 50-8-39.1) Complete financial statements of the Northeast Georgia Regional Commission can be obtained directly from the RC's administrative office at 305 Research Drive, Athens, Georgia 30605.

#### **Note 15: Hotel Motel Lodging Tax**

Oconee County, Georgia has levied a 6% lodging tax. During the year ended June 30, 2016, the County received \$156,147 in hotel motel tax revenue of this amount, 60% must be spent in accordance with O.C.G.A 48-13-51(a) (4). During the current fiscal year, the Hotel Motel Tax fund had \$143,396 in expenditures. Of these expenditures, \$71,000 was spent from the restricted portion of fund balance and \$72,396 was spent from the unrestricted portion of the tax (40%). At June 30, 2016, \$282,306 was the balance of restricted fund balance and restricted net position. This amount represents the restricted portion of the tax (60%) and will be spent in accordance with O.C.G.A 48-13-51(a) (4).

#### **Note 16: Subsequent Event**

Subsequent to year-end, the Walton County Water and Sewerage Authority (WCWSA) issued its Series 2016 Refunding Revenue Bonds in the amount of \$9,465,000 to partially refund the portion of its Series 2008 Revenue Bonds that were not refunded with its Series 2015 Refunding Revenue Bond issuance. An intergovernmental contract between the County and the WCWSA requires the County to make the principal and interest payments on the bonds as part of its contribution toward the construction of the Hard Labor Creek Reservoir. The Series 2016 bonds have an average yield of 2.77% and are projected to result in approximately \$1,700,000 in interest savings to the County over the life of the bonds.

### Oconee County, Georgia Required Supplementary Information Retirement Plan - Schedule of Changes in the County's Net Pension Liability and Related Ratios

|   | Year Ended June 30, |               |  |  |
|---|---------------------|---------------|--|--|

### Oconee County, Georgia Notes to Required Supplementary Information June 30, 2016

#### Related to the Pension Data

#### **NOTE A: VALUATION DATE**

The actuarially determined contribution rates are calculated as of January 1 of each year presented. The contributions are recorded during that year by the pension plan and the County and are paid using current financial resources directly following that year.

#### NOTE B: METHODS AND ASSUMPTIONS USED TO DETERMINE CONTRIBUTION RATES

Actuarial cost method Entry age

Asset valuation method 5-year smoothed market

Amortization method Level percentage compensation

Future payroll growth 5.50%

Investment rate of return 7.50%

#### NOTE C: CHANGES IN ASSUMPTIONS

The investment return was changed from 7.75% to 7.50% in 2014. The investment return was changed from 8.0% to 7.75% in 2009. All other years assumed an 8.0% investment return. Age and service based employee termination rates were updated to more closely reflect actual experience in 2014. The mortality table was changed from the 1983 GAM, sex distinct table to the RP-2000 combined table in 2014. Retirement rates were updated in 2014. The funding method was changed from Projected Unit Credit to Entry Age Normal in 2014.

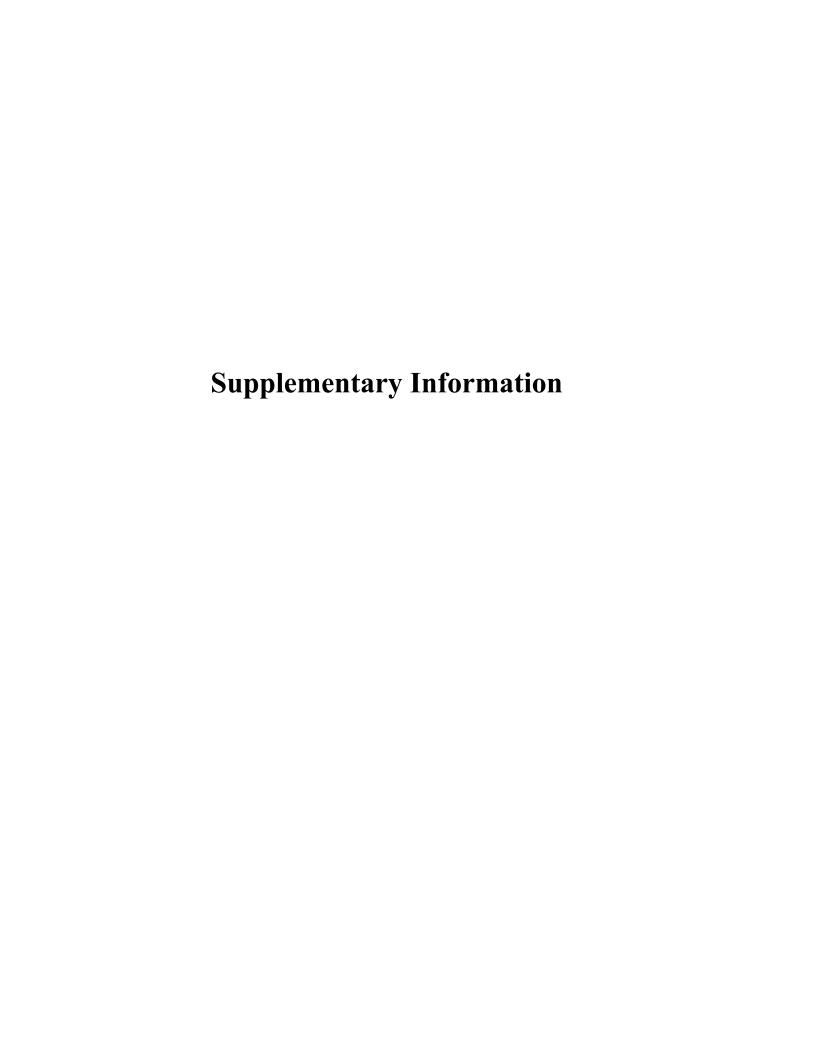

#### NOTE D: HISTORICAL DATA

The adoption on GASB Statement No. 68 resulted in a number of new definitions and concepts regarding measuring pension liabilities. Statement 68 introduced the concept of a total pension liability and a fiduciary net position. While the County has historical data that might be similar to these two amounts, the calculation of the amounts that the County has differ enough that presenting this information might be misleading. Accordingly, the County has not presented historical information about the changes in the total pension liability or the fiduciary net position. Statement 68 also requires the County to present historical contribution data of its pension plan if the plan has calculated an "actuarially determined contribution". The County believes that the Annual Required Contribution as calculated by the actuaries of the plan prior to the implementation of Statement 68 is an actuarially determined contribution. Therefore, the County presented the comparison of its contribution to the actarially determined contribution for the past 10 years.

#### Related to the Budget to Actual Comparison

#### NOTE E: BASIS OF PRESENTATION

The budget is prepared and adopted on a basis consistent with generally accepted accounting principles (GAAP).

#### **Nonmajor Governmental Funds**

#### SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenues from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions or activities of government.

Council on Aging - The Council on Aging Fund accounts for the activity relating to the County's senior center.

**Law Library** - The Law Library Fund accounts for the funds used for the purpose of providing a law library for use by the County courts.

**Confiscated Assets** - The Confiscated Assets Fund accounts for the cash received either from a cash confiscation or cash received from a sale of capital assets acquired from a drug raid.

**Drug Abuse Treatment Education Fund** - The D.A.T.E Fund accounts for the cash received from surcharges added to the base fine and collected by the courts. Funds are expended for drug abuse treatment and education programs or a Drug/DUI court.

**Special Revenue Fund** - The Special Revenue Fund accounts for the receipt of donations to the County for various uses and projects, as well as other funding paid to the County with specified purposes set forth for the funding.

**Victims Services** - The Victims Services and Forfeited Property Fund accounts for the receipt of the additional court costs assessed for the purpose of assisting victims and to cover the related salary costs.

**Special Lighting District** - The Special Lighting Districts Fund accounts for the fiscal activity relating to the providing of street lighting services within the County.

**E-911 Emergency Telephone System -** The E-911 Fund accounts for the fiscal activity related to the imposition, collection and uses of the E-911 emergency telephone number system fees.

**Multiple Grant Fund** - The Multiple Grant Fund accounts for the fiscal activity related to various small grants awarded to the County.

**Hotel/Motel Tax Fund** - The Hotel/Motel Tax Fund accounts for the hotel/motel taxes collected as required by general law that are legally restricted for promotion of trade and tourism in the County.

**Industrial Development Authority** - This fund accounts for the General Fund of the Oconee County Industrial Development Authority, which meets the criteria of a blended component unit, and is included in Oconee County's report as though it were not a separate legal entity.

#### **CAPITAL PROJECTS FUNDS**

Capital Projects Funds account for the financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds and trust funds.

SPLOST 2004 Fund - This fund accounts for capital projects financed from SPLOST funds.

SPLOST 2009 Fund - This fund accounts for capital projects financed from SPLOST funds.

Local Resources Fund - This fund accounts for the acquisition of capital facilities.

**Industrial Development Capital Projects Fund** - This fund accounts for all of the funds received and expended related to the Authority's issuance of its Series 2012 and Series 2016 revenue bonds.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Commissioners of Oconee County, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Oconee County, Georgia as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Oconee County, Georgia's basic financial statements and have issued our report thereon dated January 31, 2017. Our report includes a reference to other auditors who audited the financial statements of the Oconee County Health Department, as described in our report on Oconee County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Oconee County, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Oconee County, Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Oconee County, Georgia's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Oconee County, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain other matters that we have reported to management of Oconee County, Georgia in a separate letter dated January 31, 2017.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Madison, Georgia* January 31, 2017

Dreadwell, Danylin & G.

#### Oconee County Board of Commissioners Certification of 9-1-1 Expenditures For the Year Ended June 30, 2016

#### Certification of Local Government Officials

I have reviewed the information presented in this report and certify that it is accurate and correct. I further certify that the 9-1-1 funds were expended in compliance with the expenditure requirements specified in the Official Code of Georgia Annotated (OCGA), Section 46-5-134. I understand that, in accordance with OCGA Section 46-5-134(m)(2), any local government which makes expenditures not in compliance with this Code section may be held liable for pro rata reimbursement to telephone and wireless telecommunications subscribers of amounts improperly expended. Further, the noncompliant local government shall be solely financially responsible for the reimbursement and for any costs associated with the reimbursement. Such reimbursement shall be accomplished by the service providers abating the imposition of the 9-1-1 charges and 9-1-1 wireless enhanced charges until such abatement equals the total amount of the rebate.
